TESTIMONIES

"Engedi stood out from the other programs I have experienced because they cared for my whole person, not just my addiction-spiritual, emotional, mental, relational, and practical. Today I have experienced healing in every part of my life. My life is so full. I am blessed."
 J.L. (Engedi Resident)

"Nothing seemed to help until Engedi... transformation in me is finally taking place. The love, grace, education, and structure have truly been exactly what I needed, I am finally on the path to full restoration."
 L.M. (Engedi Resident)

"I had spent years numbing my pain, insecurities, and troubled past with drugs and alcohol, and relationships that always involved some kind of abuse. I had lived a hopeless, driven life as long as I can remember and was beginning to believe I would never have the happiness I desperately desired. At Engedi I began to take an honest look at myself and exactly what it was that continued to hold me back. I slowly began to realize that I did not have the strength on my own and needed God."
 J.H. (Engedi Resident)
